## Wingate Listed in the 'Top 100 Financial Advisers' for a 2nd Year in a Row

™

We are delighted to announce that Wingate has been listed as one of the 'Top 100 Financial Advice Firms' for the **2nd year in a row**. This substantial recognition is published in the [FTAdviser](#) which is one of the most recognised accreditations in our industry.

The achievement is a direct reflection on the level of dedication our team places on helping employers deliver highly valued benefit propositions for their employees alongside health, wellbeing and financial education.

We were one of the highest placed firms specialising in Employee Benefits. Typically, recognition had been given to much larger companies. However, over the last few years the FTAdviser has changed the way in which the list is curated, paving the way for more specialist companies to gain a place on this esteemed shortlist.

Upon accepting the award, Ben Clarke (Managing Director at Wingate) said:

*"At Wingate we strive to improve our services year on year so that our clients continue to benefit from our care and commitment. We are very proud of the work our employee benefits team deliver and the results that are being seen by our clients."*
